

Work programme**Skagerrak and Kattegat WG of NSRAC****2012**

The working group will prepare advice on immediate questions posed by the European Commission on fish-, prawns- and nephrops fisheries in the Skagerrak and Kattegat.

The working group will continue to develop management proposals for the said fisheries in the said areas. In doing so the WG will have a long term approach.

The working group will prepare advice on any issues relating to the said fisheries in the said areas that are referred to the WG by the NSRAC ExCom.

It is the intention to arrange at least 3 meetings in 2012. These will take place in Denmark, Sweden or Germany.
